ABOUT ME

I am a visionary, optimistic, disciplined, tech-savvy, creative, team-oriented, engaged and starter individual, with a dynamic outlook on life and a strong desire to succeed. In addition, I am adept at handling multiple tasks on a daily basis competently and at working well under pressure.

EXPERIENCE

INTERNSHIP - INFORMATION SYSTEM MANAGEMENT
National Bank of Ethiopia | Feb – April 2021

I was mainly tasked in troubleshooting and repairing computer hardware and software issues, as well as performing regular maintenance tasks to ensure the smooth and efficient operation of computer systems. Other tasks can be:
- Installing and updating software
- Configuring and maintaining network connections
- Replacing or upgrading hardware components
- Monitoring system performance
- Ensuring the security and integrity of data
- providing technical support to users
- Documenting and tracking all maintenance and repair activities

INTERNSHIP - JUNIOR SOFTWARE DEVELOPER
Orange Digital Center Ethiopia | June – Nov 2021

The core goal of the company is training youth to compete in the digital market. Due to this reason, learning the professional ways of building career in the digital industry was the main task I was assigned. Since their learning mechanism is project oriented it gave me a hands-on experience on the profession.

JUNIOR SOFTWARE DEVELOPER
GAMD Solutions | Jan – May 2022

GAMD Solutions is a technology company that focus on providing digital solutions to problems in the community. The company provides several services like Consulting, Software development, technical training, and others. During my stay I have been tasked to assist senior developers to:
- develop, test, and maintain web and mobile apps
- design and implement new features and functionalities

EXPERIENCE

BACKEND DEVELOPER AND DEVOPS ENGINEER
KIN IDEAS PLC. | May 2022 – Jan 2023
KIN IDEAS PLC. is a sister company of GAMD Solutions with the same goal and agenda only created to simplify team management and have focus on a single project. The company focuses on building a single mobile app that streams music, podcast, and radio online. The project follows the trending technology architectural design which is **Microservice Architecture.** And I was assigned to develop most of the backend services. I was also responsible to **deploy**, **maintain**, and **monitor** the services which are deployed on **GCP** cloud service provider.

FULL STACK DEVELOPER AND DEVOPS ENGINEER
ZEMA Multimedia | Jan 2023 - Now
ZEMA Multimedia is also a sister company of GAMD Solutions with the same project as KIN IDEAS. It is created with the partnership of KIN IDEAS PLC. and Awtar. In addition to my tasks form KIN IDEAS PLC. I am also responsible for developing the administration portal for the mobile app. Here in ZEMA Multimedia, we use multi cloud environment so that we utilize all the benefits of **GCP** and **Azure**.
